

Time and Talent Sheet

Tell us how you can participate in the life and ministry of our parishes.

Dear parishioner,

I propose we engage fellow parishioners in conversation and discern the needs of the people here and work towards a vision for our two parishes.

I am inviting you to share the responsibility with me in reorganising our parishes. We have gifts and talents, I encourage you to look through the list, find your areas of giftedness and interest.

Please indicate your interest in either learning more about or participating in. You may also fill the form with any suggestions or areas to focus on.

God gifts each of us differently, but EVERYONE has gifts that can be used for the greater glory of God and common good.

Please consider and commit a few hours of your time weekly or monthly to share with us in volunteer capacity or as fellow pilgrims in social/spiritual context.

Thank you and I look forward to receiving your response and suggestions.

Fr Anthoni Selvaraj ofm
